

*We are currently planning to have in-person talks, but this is subject to change.*

Updated 2-21-22

### Fall 2021

**Dr. Claire de La Serre** (Host: Dr. Diana Williams)

Associate Professor, Dept of Nutritional Sciences,  
University of Georgia

***Microbiota-vagal Signaling and Feeding Behavior***

Wednesday, October 6, 2021, 3:30pm, PDB A211

**Dr. Hiroaki Matsunami** (Host: Dr. Douglas Storace)

Professor, Dept of Neurobiology, Duke University  
Medical Center

**(talk title: TBA)**

Wednesday, October 13, 2021, 3:30pm, PDB A211

**Dr. Stefan Leutgeb** (Host: Dr. Aaron Wilber)

Professor, Dept of Neurobiology, University of California,  
San Diego

***Neurophysics of Space, Time and Learning***

Wednesday, November 10, 2021, 3:30pm, PDB A211

**Dr. Kent Berridge, “Rushton Speaker”**

(Host: Graham Kaplan)

Professor of Psychology and Neuroscience, University of  
Michigan

**(talk title: TBA)**

Wednesday, December 1, 2021, 3:30pm, PDB A211

### Spring 2022

**Dr. Stephanie Correa** (Host: Dr. Diana Williams)

Assistant Professor, Dept of Integrative Biology and  
Physiology, UCLA

***Estrogens in Heat: Estrogenic Modulation of Body  
Temperature in Mice***

Wednesday, February 23, 2022, 3:30pm, Zoom only: link TBD

**Dr. Bhargav Karamched** (Host: Dr. Richard Bertram)

Assistant Professor, Dept of Mathematics, Florida State  
University

***Molecular Motors and Axons: a Mathematical  
Perspective on the Role Motors Play in Vesicle  
Delivery in Axons and Length Sensing of Axons***

Wednesday, March 2, 2022, 3:30pm, PDB A211

**Dr. Nathan Schoppa** (Host: Dr. Debi Fadool)

Professor, Dept of Physiology & Biophysics, University of  
Colorado, School of Medicine

***Function and Dysfunction of the Glomerular  
Microcircuitry in the Olfactory Bulb***

Wednesday, April 6, 2022, 3:30pm, Zoom only: link TBD

**Dr. Christie Fowler, “Grad Made Good”**

(Host: Dr. Zuoxin Wang)

Associate Professor, Dept of Neurobiology & Behavior,  
University of California, Irvine

***Targeting Novel Mechanisms for the Development of  
Nicotine Cessation Therapeutics***

Wednesday, April 13, 2022, 3:30pm, PDB A211
